PE KIT PURCHASING GUIDE

Applicable from 1st June 2020

Ambition Sport is the official PE Kit supplier for Haverfordwest High VC School. We are proud to help all students look great as well as performing well on the sports field! Our online shop is designed to make your job as a parent/carer purchasing school PE kit items and HHVC school ties as easy as possible. In view of the current global pandemic we have carefully considered the process of ordering and supplying your school garments. Please read the following document fully as it is designed to help you through the ordering process and hopefully will answer any questions you may have. The process we would like you to follow has been developed by carefully considering all Government advice for safe working practices and is for the protection of both our team and you the customer.

Ordering from June 2020

All items school PE kit can be ordered through our website. Our online shop is always open so you can place your order for kit from the comfort and safety of your own home – 7 days a week. Your order will then be delivered to your home address by one of our approved couriers. From June 2020 there is no additional charge for this home delivery service.

To view the range of products that are available for your school visit www.ambitionsport.com, click on the SCHOOLS menu which will then list all of our school customers. Select the school you require and you will be taken to the appropriate section of our shop, where you find the full range of products available. The school website provides a list of compulsory and optional kit items. The optional items are of great quality and value and come with the school badge on each as shown in the individual product images. All items have proven to be very popular with boys and girls in all year groups. To order the products you require, simply click on the item and select the appropriate sizes required. Add the item(s) to your cart and proceed to payment when you have completed your order. Our shipping system will email you once your order has been confirmed and you will also receive a further email when your order has been packed and completed to say that it is on its way to you.

Delivery

Our normal turn around for orders is within 10 working days, however due to increased volume of orders over the Back to School period and of course restricted working conditions for our team, suppliers and delivery partners we would STRONGLY advise that all orders are placed as soon as possible to avoid unnecessary delays in supply. Please be assured that once received we will be working on shipping your order as soon as it is possible to do so.

In order to allow our team to help customers as efficiently as possible we would politely request that you do not phone to ask about delivery. Should you have a question regarding delivery of an order which has been confirmed please either email (customersupport@ambitionsport.com) or use our Live Chat facility on the website our team will then get back to you with accurate updates as soon as possible.

Sizing

We have included all relevant sizing charts in the following pages of this document, where appropriate please also note our “Ambition Fitting Notes” – which give you handy tips on making the correct decision on your size. In addition, all individual products on our website should have a secondary image which contains the sizing information for that garment. This includes key dimensions for the garment which can be compared to items of a similar style that your child is already wearing. If you are unsure about how to do this we have produced a simple video guide which can be found by visiting the Your Shop Guide on www.ambitionsport.com.

Personalisation

Many of the school uniform items available have optional personalisation included in their cost. This is always in the form of pupil initials or to enable easier handing down of garments the family surname - nicknames are not permitted - and is noted in the product description. To add personalisation where applicable there is a SPECIAL INSTRUCTIONS section at the Checkout stage. Please be aware that personalising a garment will limit your ability to return the item so please only request this if you are sure of the sizes required.

Returns/Exchanges

Should you need to exchange items once they have been received, please return the items for exchange to us (Ambition Sport Returns, Unit 20 Ozengell Place, Eurokent Business Park, Ramsgate, Kent, CT12 6PB) with a brief note stating which size(s) are required. We will then process and dispatch your return to your home address free of charge. **PLEASE NOTE - Personalisation of the TOPS unfortunately means that they cannot be returned for exchange as we are unable to return the stock to a saleable quality. If you are unsure of your sizing we would recommend NOT using personalisation of these garments as this could mean you would need to purchase a second garment.**

Payment delay

It is important to Ambition Sport that orders are placed as early as possible, to allow us to manage shipping in a timely fashion whilst looking after our staffs health and well being. Please do not delay in placing your order because of payment/finance issues – we are available to discuss arrangements where necessary. Please email details of the school, items and sizes required and your contact telephone number to customersupport@ambitionsport.com. One of our team will pick and reserve the order on your behalf and we will hold the goods until you are able to pay.

Garment Care

Once you have received your kit delivery, here are some basic wash care instructions that will help to keep your uniform looking as good as new.

- Always refer to the care instructions printed on the label inside your garment.
- Ensure you sort your garments into like for like colours and fabrics for washing.
- Be careful not to overload your washing machine.
- Turn garments inside out prior to machine washing.
- Always wash dark colours separately. For whites we recommend the use of wash care products that are specifically formulated for whites. This ensures your whites stay white.
- The use of fabric softener is not recommended as it is known to break down fibres in clothing.
- Stain removers containing optical brightening agents or bleach are not recommended for use on colours or darks.
- Fasten buttons and zips to reduce the risk of damage.
